Stuart Heritage Museum binders

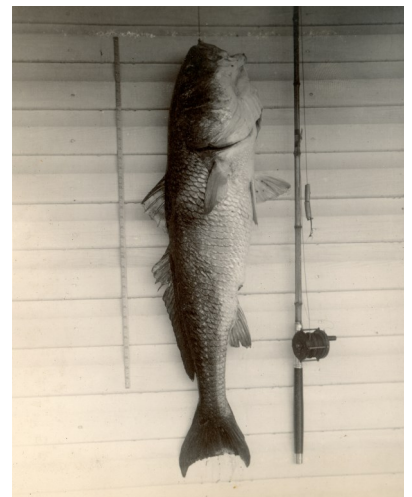

We had three binders from the museum, on teacher Doris Lowery, Veterans, and Postmasters. They featured photos, articles, certificates, and other ephemera on each topic.

Vintage Photoalbums

Thanks to Stuart Heritage Museum for the loan of three photoalbums featuring photos of Stuart from about 1903. While we don't know the photographer's name, we know she attended at least one of the events that the Tietig and Andrews families attended in 1903. Some of these images have been previously published; several were also glass plate negatives in the HSMC local history photo collection.

What is the Martin Digital History Project?

The mission of Martin Digital History (MDH) is to encourage the appreciation of Martin County's unique history by collaborating with community members and local organizations to collect, present, and interpret relevant digital content. This project, orchestrated by the Martin County Library System, is the result of the planning teamwork of several far-sighted community members and organizations, including Sandra Thurlow, Black Heritage Initiative, Stuart Heritage, the Historical Society of Martin County, the Library Foundation of Martin County, and many others. It is open for public participation.

- This newsletter will attempt to keep all informed about the project, including new participants and accessions, plans, events, etc. [Click here to subscribe to this newsletter.](#)
